BERRY TOWN SUBDIVISION MAP

THE BERRY TOWN SUBDIVISION MAP was prepared to advertise the Auction Sale, in February 1912, of those town lots in Berry that were not already sold or gifted by the Estate.

The copy of the map that is held by the Historical Society came into its possession quite early. The name of the organisation in the beginning was just "The Berry Museum" and they had asked the community for goods of interest as donations, long term loans or short term loans for special displays.

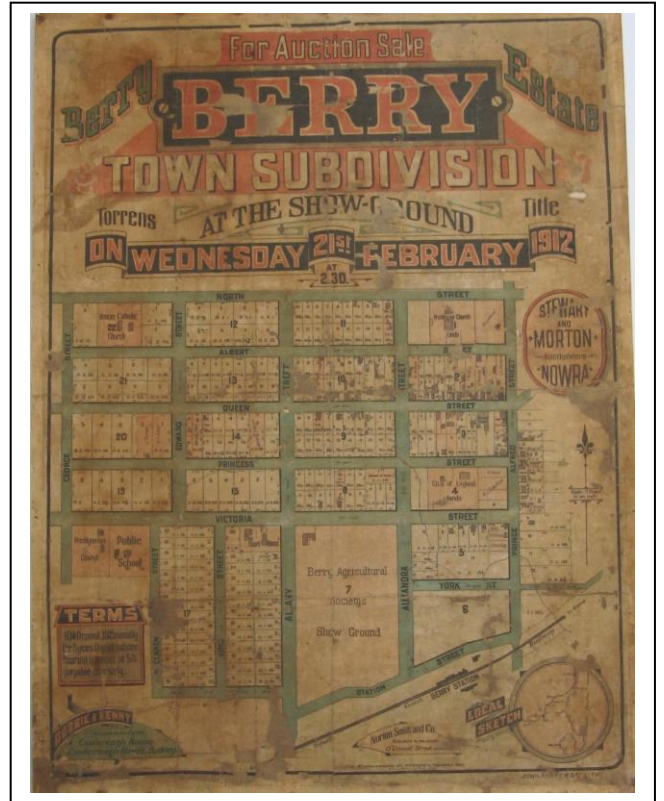

At the 8th committee meeting on November 30 1970, the Town Subdivision Map was chosen as the 1st priority for restoration. Permission had to be obtained from, and was later given by, Mr T. Cruickshanks.

There was some difficulty in finding a restorer but in the Annual Report 19th May, 1971, we find that the Mitchell Library restored the Town Subdivision Map free -of-charge.

A quote for framing was to be obtained from Mr Latimer (Mr Cruickshanks' brother -in-law).

40 odd years on, the framed, but not glazed, map was on display in the hallway of the Museum, until a visitor chided our President that we should have such a valuable item unprotected in a place where it could so easily be damaged.

Since then the committee arranged for a paper conservator to inspect the map and to repair damage and clean and restore where possible. That work having been done, the map is with a professional framer and will shortly be ready to be brought back to the Museum.

DESK ROSTER DUTY.

Desperate!!! Please help. Members are asked to consider roster duty. As you are aware the museum is open each weekend, and every day in school holidays. The holiday period roster is a particularly difficult period. It is important that two members be in attendance on every occasion, this is now not the case. Give some thought to this request. Contact Janice Hughes 4464 2149.

CHRISTMAS COCKTAIL PARTY

Tentative arrangements are being made to hold this function at the Museum on the 8th December. Full details will appear in the November/December Chronograph.

CLEANING OF DISPLAY MATERIAL AND CASES

The Society's cleaner is not responsible for this light work; dusting shelves, cleaning some of the items etc. If you would like to help please contact one of the committee members mentioned below. The committee is hoping to form two groups of four members, each group working for two hours once a month for three months. Hazel King 4464 2010 Margaret Ogle 4464 2499.

MUSEUM LIBRARY

You may or may not be aware, but the Museum has an extensive collection of books, pamphlets and other materials which are available for loan. When you are next in the Museum have a look in the library to see what is actually available. If you would like to borrow a book please fill in the details requested in the new loan book located in the Library or contact Margaret Ogle 4464 2499.
